NEW!

FALL MINI-SEMESTER

Three weeks: November 8-22

Join us for this exciting offering that is a perfect compliment to our fall semester. Led by theatre professionals, these programs are designed to give your student a taste of something different. They're perfect for students to dip their toes into classes for the first time, or those looking for something new to explore!

GRADES K-2

ACTING: ANTSY PANTS

Saturdays, 10-11:30 am \$90 per student

Antsy Pants invites students to wiggle, jump, stretch, and spin their way through storytelling and character creation. Using movement-based games and imaginative play, students will explore how their bodies can be powerful storytelling tools. Whether they're pretending to be animals, weather, or wild inventions, students will build foundational theatre skills while developing coordination, focus, and confidence!

GRADES 3-5

ACTOR'S TOOLBOX: WORLD MAKERS

Saturdays, 11:30 am-1:30 pm \$90 per student

In this imaginative design-focused class, students will become the architects of theatrical worlds. Through hands-on projects and creative exploration, they'll learn the fundamentals of scenic, costume, prop, and lighting design. Students will discover how design choices support storytelling and create mood, place, and time on stage. By the end of the class, they'll have created an original world inspired by a story or play.

GRADES 6-8

DESIGN SAMPLER

Saturdays, 2-4 pm \$90 per student

In this hands-on class, students explore the world of theatrical design, focusing on set, costume, prop, and lighting design. Through practical exercises and creative projects, they will learn how design elements contribute to storytelling on stage and discover the basics of the technical side of theatre.

GRADES 9-12

AUDITION CLINIC

Saturdays, 2-5 pm \$105 per student

Get audition-ready with confidence and polish in this focused Audition Clinic designed for high school students preparing for school productions, theatre intensives, or college auditions.
